OUR TEAM

How we work together across projects. Set it once, revisit it when needed.

NAME

BUILD THE ROSTER

Ideas on Inspiration Sheet 1. A stand holds each player's name. This page holds the rest. Write directly; to revise, cover the earlier words with a blank label.

OUR RULES

Non-negotiables that travel across projects. Examples:

- Nothing is final until a person approves it
- Show your sources
- Say when you are not sure
- Agreement isn't the goal

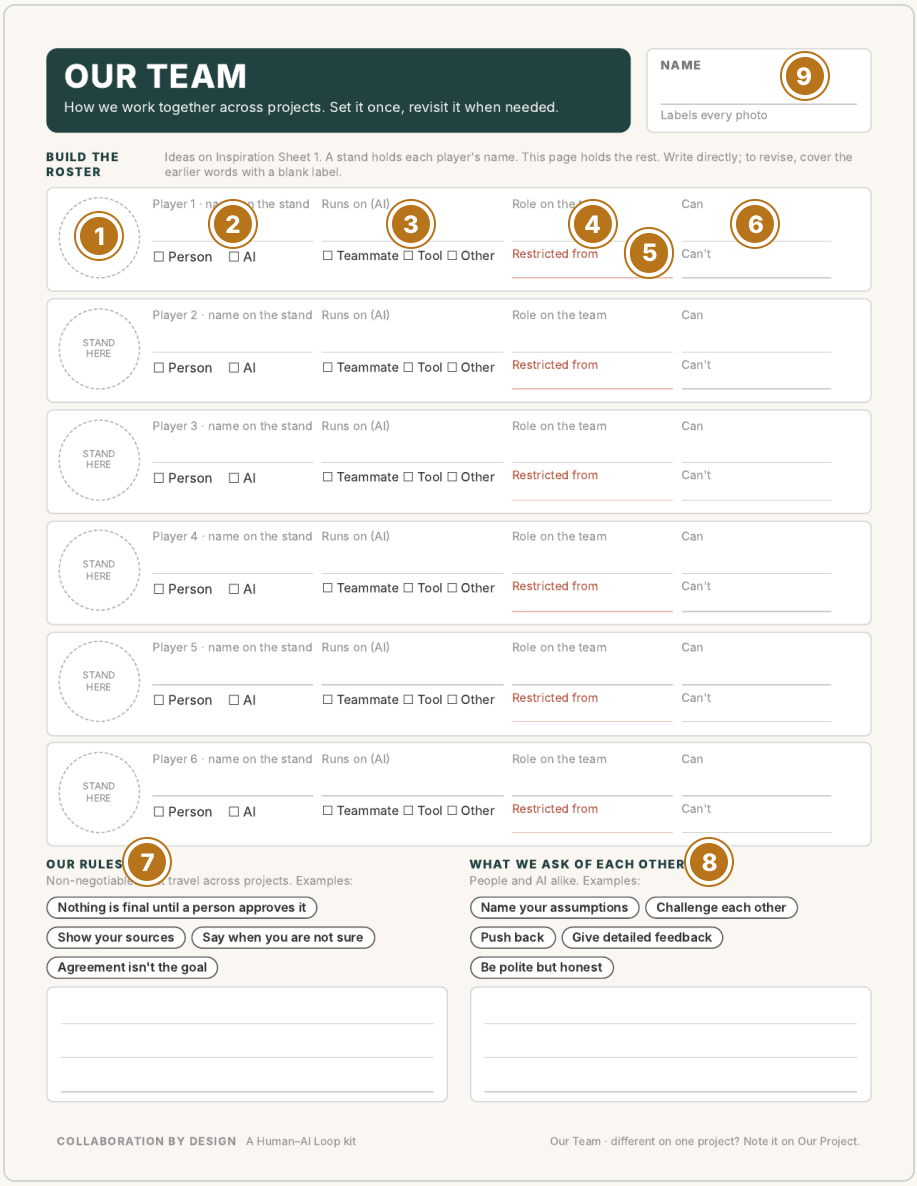

WHAT WE ASK OF EACH OTHER

People and AI alike. Examples:

- Name your assumptions
- Challenge each other
- Push back
- Give detailed feedback
- Be polite but honest

COLLABORATION BY DESIGN A Human–AI Loop kit

Our Team · different on one project? Note it on Our Project.

1. **Stand here.** Each player's stand goes in the circle.
2. **Player.** The name on the stand. Person or AI.
3. **Runs on.** For an AI, the tool or model. Then teammate, tool, or other.
4. **Role on the team.** What this player is here for.
5. **Restricted from.** A hard limit, like data it can't see.
6. **Can and can't.** One ability or limit that matters.
7. **Our rules.** Non-negotiables on every project.
8. **What we ask of each other.** How we want people and AI to show up.
9. **Name.** Yours. It labels every photo.

A first pass, not a form. Start with yourself, one or two teammates who matter most, each player's role, and one can, can't, or restriction. Blank is allowed.
